“ My Grandma was one of my favorite people in this world!!! She was a great person inside and out. She ALWAYS lent a ear, or gave me advice. She was a great confidant, she was loyal, funny, beautiful, adventurous, and had a great sense of humor. I will miss her tremendously but her memory will live on through my family and friends. I love you Grandma! Love, Sara Johnson

“ I just learned that my Grandma Huff passed away a few hours ago. She was in pain for quite sometime now. May her finally rest in peace with her family and loved ones waiting for her in heaven. It still doesn't make it easy for me to say good bye. Ask anyone who knows me. My Grandma was one of my favorite people in this world!! I told my husband the 2nd time around that we started to date " if my grandma does not like you, I am sorry but we can't see each other anymore." Lol. Obviously he passed the test. When I found out I was having a baby girl, for the name all i knew was is it had to rhyme or sound good with the name Leona. That's how the name Sierra Leona came about. Grandma was a great confidant . Weither it be to give you advise or just listen to you talk. Sometimes i would just flat out sob! When I was a young child I lived in the same state of Michigan with her and my family. Then when my dad joined the air force we were stationed to Las Vegas Nevada. From that point on my grandma mainly came out to Vegas to stay with us. She would stay for 3-4 months a time due to Detroit being so cold. That is when I started to form a wonderful life long bond with my Grandma. We loved to play board games, watch ballroom dancing and ice skating on t.v. , and watch tons of movies together. Her favorites were Brad Pitt, Clooney and Redford. She once told me, "Brad Pitt can put his shoes under my bed any day! I might be old but I am not dead!" That about sums up her sense of humor in a nutshell! Lol. I am going to miss so many things about her!!!! For example. When I needed a tissue she always had a stash in her bra. lol. I will miss her infectious laugh. Especially the one where she was laughing so hard she would tell me she almost peed her pants. I will miss her asking me 100 million times if i was hungry even when I told her no. I will miss her tomato breakfast sandwiches she always made for me or her famous guwumpki (stuffed cabbage). Also going to the casinos with her and playing nickel video poker all night long and every once in awhile drinking her favorite a sloe gin. I could go on and on.....Tonight my 4 year old daughter looked at me and said. "Mommy don't cry, be happy. That's what G.G. would want us to do. She will always be with us in spirit . Like when we are outside watering plants in the garden. She will always be watching over us". She then caressed my face and gave me a kiss. So I guess that would be my advice for my family at this time. She will always be with us weither in spirit or memory Xo xo -Sara Johnson

“ My sister and my best friend. We did so much together. All our trips up north have a special memory. She always said she wanted to feel free and run down a hill with her hair blowing in the wind. I know she found that hill and is smiling. I will miss her more than anyone in my life. She was my rock. I love you sis you were the best sister anyone could have. I will miss you with all my heart.

“ Leona was a great person. Always there for her family and friends,through good times and bad. My favorite time with her personally was just running around town shopping and hanging out at the casinos. We live in Las Vegas and Leona loved to play the slot machines.I like many others will always have a special place in our hearts for her. She will be missed!!! We love you Leona !!!

“ She was a great person , She would smile as so as you came up to her , She would always give me a kiss in the cheek and a big hug , she did that to everyone that came to see her , her smile would always lighten up a room . I could listen to her for hours with that sweet and soft voice she had , When i took to three brothers , she loved going there because of the polish food they had , she would have the wait staff laughing with us . I could always talk to her , even if the subject was serious, she would always find the right words to say , She taught me a lot, I will miss her a lot
