“ My first memories of Pam were as a young child when we would visit West Virginia. She and her sister Risa along with my brother and myself would find some mischief to get into.

Many years had passed that we did not see each other, but thanks to FB we reconnected. Pam made such a effort to know me again. I am so moved by her kind heart and sweet spirit. Her amazing sense of humor. With all she was going thru she never mentioned her hardships, always positive and making others laugh.

Pam, my sweet cousin, you were a strong force in this earth and you are very much loved. You made a difference in my life and I will miss you every single day until we meet again! I love you, Pam! Rest easy.

“ As Pam's "mom"-in-law, I hold many fond memories of the caring, smiling, loving, adventurous, and strong woman Pam was. She was compassionate care giver to the elderly as a CMA. Then found the career of her life as a truckdriver, seeing almost every state in the US, making friends along the way. Her strength to continue to do the things she loved (travel, making friends, belly dancing, enjoying holidays, etc.), while fighting the battle of her life against cancer. This Christmas finds me missing her phone call, text, or just popping in as she often did. Now that her battle is over, she has moved on to her next adventure, but her love and spirit will live on in the hearts and memories of many.
