“ As Carl's sister-in-law I am soooo grateful that the "cruel man" gave my sister Ann another look! He told me once it was the best decision he ever made and we agree. Together they built a wonderful life and a beautiful, growing family. He was the lifeblood of all our family events and beloved by all. It was our secret that when he was carving the Xmas tenderloin, it grew wings and ended up on the floor... and you all ate it up lol. And such a mouthy euchre player, he infuriated me often, lol again! He was always entertaining and funny. So, since his favorite line was "I'm going alone", we're sending you off alone. But we expect you to keep the cards warm, the fires burning, and the drinks flowing till we get there! Sending love and comfort to all the Rivards as you try to fill the huge hole in your hearts. See you on the other side Carl... Peace

“ Carl and I were hired the same day 07/24/1981 and "baptized" behind Station 1 with the rest of our rookie class. Dripping wet we shared a laugh I have always remembered. I still have a picture from that day in a scrapbook tucked away in a closet. It deserves a long look and a toast to Carl honoring a life well lived. Peace be with all his family and many friends who will miss him greatly,

“ Annie and family. I would like to express my deepest condolences to you on Carl's passing. He was a great Man. We spent so much time together at Station 5 and then at NBS. We saw each other more than our families. Annie, you would call the station and tell me to let Carl know to bring home bread and milk. I will truly miss him. R.I.P. Carl, we have your back.

“ From the entire Schulte family, we extend our deepest condolences. Carl was a fixture at our house while growing up. He was best man at John's wedding. He'd come to visit and was treated just like another sibling. He was one of the pack. Great memories. May his soul rest in peace. Sending prayers to the entire family.

“ *I grew up across the street from the lovely Rivard family and spent a lot of time playing at their house (especially “shooting hoops” in the backyard). When I was in 7th grade and Carl was a 9th grader we got paired up to square dance together in gym class. I was totally embarrassed! He was confident and so nice. He was so tall that I was only a little taller than his belt buckle 😂). A memory never forgotten. May he rest in God’s merciful love and peace.*

“ *I thought the world of Carl. He seemed larger than life to me. Fun, funny, gregarious, kind, just a person you absolutely loved being around. A great man I respected and admired so much. As with many of my cousins, I wish we’d been closer, but the times I did get to spend with him were always cherished and, frankly, a blast. God bless him, Annie and the family.*

“ *Carl was one of that rarest of people, loved and respected by everyone that knew him. As a fellow firefighter, teammate and friend his character, kindness, and integrity will forever be remembered.*

“ My deepest sorrows go out to the Rivard family.
I first met Carl when I was detailed to Station 5 as a rookie and instantly became friends. We had a lot in common and one was traveling, and before you knew it we were heading out west in Carls Mercury EXP exploring a number of National Parks. We played a lot of softball and other sports together and was glad we were on the same team, because he was one fine athlete.
There is so much more I can say, but I'll finish by saying I will truly miss Carl as well as all who knew him.
Love you Brother

“ Tina and myself want to express the deepest sympathy to the Rivard family. I worked at several places with Carl, the last place was the fire department. This is what Carl was all about. I will never forget one run that we went on when I was Carl's FEO and he was my Lieutenant. We responded to a small car fire at 3 a.m. We extinguished it. Carl said we had to drive over to the trailer park which we did. Carl went up to the door and talked to a young lady. Carl returned to the engine and said we had to go back to the car that was on fire. We got there and Carl had us pop the trunk open. Inside was a small child's bike with training wheels on it. We proceeded back to the trailer. Carl got out and took the bike up to the door and knocked. The young lady answered the door. As Carl was talking to her a little boy poked out his head from behind his mom and the biggest smile you ever saw was on his face. Carl talked for a minute and came back to the engine. As we started back to the station, Carl looked at me and said "now don't you have a nice warm fuzzy feeling in your heart." That is Carl in a nutshell. That is how he ran his life. That happened in 2002. I will never forget the kindness that he showed this family in a time of need. After Carl retired, every time I saw him I would remind of that story and tell him what a good person he is. He was just a great person.

“ Carl was an all around great guy. We are very sorry for your family loss. I worked with Carl for many years. He taught me so much about the job and life. I was his FEO when he was my Lieutenant. My kids were about the same age and went to high school together. I remember so many things that we shared and laughed about. I remember sitting him down and talking about Joe going out on a date with one of my girls. When I started talking to him he looked at me and said not to worry that he had talked to Joe already. We had a good laugh about that. The biggest thing that I will always remember about Carl was his kindness and his big heart. We went on a car fire late at night and went to the trailer where the owner was after we put the car fire out. This was unusual to do. Carl went up to the door and talked to the young lady whose car it was. Carl came back to the truck and said we had to go back to the car which was only a few blocks away. He had us get a small child's bike from the trunk of the car and put it in the engine. We proceeded back to the trailer and Carl carried the bike up to the door. He knocked and the lady opened the door. Her young little boy was right behind her. He poked his head around her and broke into the biggest smile you could imagine. Carl came back to the truck and looked at me and said " Now don't you have a nice warm fuzzy feeling in your heart." To me that is what was Carl was all about. Every time I saw him I would tell him that story to remind him of it. When I became an officer I modeled myself after Carl and was proud to do that. We shared stories about being grandparents and how great it was. We know that Carl is a better place.

Our condolences ,

“ Cheryl and I were saddened to hear of Carl’s passing. We had known Carl and Annie for so many years through softball and the fire department, and Carl was truly one of a kind. He was just an awesome guy — always happy, always smiling, and always someone you were glad to be around.

Some people leave an impression by the way they treat others, and that was Carl. He was respected by everyone who knew him, not because he demanded it, but because he was simply that kind of man. Whether we were on the ball field or at the fire department, Carl always brought a good spirit with him, and that is something Cheryl and I will always remember.

We feel very fortunate to have known him and to have shared so many years and memories with Carl and Annie. He will be deeply missed, and we are keeping Annie and the whole family in our thoughts and prayers.

“ Carl was the person everyone wanted to be around. At Mikenna's wedding shower, Carl walked in and instantly every bridesmaid was around him. This led to the perfect picture of Carl sitting on a window ledge at the wedding reception surrounded by the bridesmaids. This is how I'll always remember him, everyone's friend.
