“ I am sorry for your loss, as a youngster i remember Mrs Patterson as a very nice lady she always treated me good. Her and Frank were an inspiration to me with their involvement with the tropical fish club which i am still involved with to this day here in Washington state. I am confident she is in Heaven, with the rest of the Beautiful Angels.

“ HAPPY BIRTHDAY MOM! 🎂☕🍪🍪 I am blessed to have had your love and support of you throughout my life. You brought me into this world and I was there to help you leave this world and be in peace with God and our Heavenly family. I will miss our Sunday mass talks, shopping for you, redecorating your house as you asked, listening to whatever you needed to get off your chest, and being one of your loving caretakers. I will miss you but I will be ok. Don't worry for whenever I think of you I will smile 🧡🧡.Lori

“ *Dorothy was the most loving and caring person... The nicest woman I have ever met always smiling and happy... I'm so happy to have known Dorothy... She will be truly missed... Heaven has received a true angel... I was family back in the day... She would always make me smile just seeing her, she was the greatest mother-in-law in the world... Funny story she would always ask me how's the railroad, she lived so close to the tracks on 9mile road that everytime she heard the horn blow she thought of me... Boy she loved her Detroit sport teams... Everytime I would talk to her she would ask if I had been to a game or seen what the Tigers or Lions or Red Wings did last night... She will forever be in my Heart and Missed... My heart goes out to the Patterson Family... My deepest condolences and thoughts and prayers 🥹🥹🥹*

“ A couple fond memories.

I was going to take the SAT one Saturday morning and was very nervous the night before as I really did not know at all what to expect. No such thing as practice tests back then. In the morning I found a packed lunch and that cheered me up. As I arrived at my destination I looked inside and there was a note of encouragement from my Mom. I cried at the preciousness of her sentiment and all the nervousness left me.

*Another fond memory was at times Judy, Dennis and I would go home from school to eat lunch. It was always soup and grilled cheese/bologna. Often we would watch *The Friendly Giant* and I remember him always pulling up a single chair, a double chair and a rocker and saying *have a seat* as the show began. So cozy and comfy. When we left to go back to school she would say *"God be with you"* and that always brought comfort to me. *God be with you Mom.**

“ Grandma was a loving a caring person. whenever I went to visit with her she would ALWAYS offer me food or something to drink and would always ask how I was doing. Grandma was always in a good mood. When my mom and I would take grandma shopping or out to eat we would have a lot of fun. Mom and I would take grandma food at times and just sit and talk with her and listen to what she would have to say and she would listen to us as well. She loved to see my boys when I brought them over and they would just bring the biggest smile to her face. she was always Loving and welcoming to my boyfriend Mike. I am deeply hurt that she has gone to heaven to be with the lord but am relieved knowing she is no longer in pain and suffering. you will forever be missed grandma. We love you so much grandma. Forever in our hearts and never forgotten!
