“ i still remember the nights we used to stay up for hours watching george lopez in my room, the nights you'd just sit & brush my hair for 40 minutes while humming a little tune under your breath, the times i'd walk into the kitchen & see you & my dad carefully stacking empty white castle boxes, all the benches you & i had to sit on to take breaks while walking due to our little legs, just everything & i will forever cherish those moments more than anything. thank you for giving me such good memories, i love you always

“ Mom,
I have so many great memories that I will have to summarize. When my parents were together I loved my Christmases. The gifts were extraordinary! Going to my grandmother's house in the summers or winters and the times that we played games together. I will miss you mom. I truly wish you were still with us. I would love to share more time with you.
Love, always, your son,

James
