“ For the Morefield Family,

A Westwood staff member notified me regarding the passing of Gene. I send my deepest condolences. I remember Gene with his wide smile and kind heart. I know he loved his sister and watched out for her during his time at Westwood. There are few words to completely express my sadness about your loss. May God watch over you during this most difficult time.

“ *Gene I met you only a few times at my grandma's, where your mom takes care of my grandma, you were shy at first but I got you to open up and see that beautiful smile. Angel, you know you are a big part of our family and I can find no words to make your pain go away. Just know you did all you could do. Be strong and when you feel you can't me and the family are right here for you with open arms.

“ Awww Gene just a few days ago I was thinking about how since I was thirteen you'd been in and out of my lie always coming back and putting a smile on my face eve. If I wasn't having a good day. And how we would meet again soon. But now it's gonna be a while until we meet again. Love you man, fly high.

“ I remember talking to you about music and how you wanted to be a dj. Didnt think that coversation would be our last. It saddens me knowing that you were so young. Rest easy man. To your family, gene made lot of people smile. I peronally didn't know him like that but i have heard so many stories about this kid. The world has lost a good soul.

“ He was one of four children born the year of 1998 to our family He was the only boy. I loved going over my sisters to see the children as they grew up. Call me when they are over so I can see them. As they got older I seen them not as much. The one thing I remember about Gene is his smile and his laugh. I loved to hear him laugh. The smile I did talk to you and hug you on Christmas.

To the Family:

As you comprehend this profound loss, let yourself cry knowing each tear is a note of love rising to the heavens. With heartfelt sympathy. Always in my prayers and my heart. Aunt Candy
