“ Jerry and I had great fun playing together at my grandmother's house when we were children. Years later, we worked together at Johnson Elementary School on Ann Arbor Trail in Livonia. Jerry was not only my cousinhe was a friend.

“ Gerry and I worked together. He lived behind me on Bock street four years. In later years we worked together at Ford Skills Center. Our friendship continued going to concerts and watching Lions football games together. I will miss him...

“ *I worked with Jerry at Johnson School for several years. I remember how he would always put a lottery ticket on every employees desk at Christmas time. My thoughts and prayers go out to his family! Rest in peace Jerry!*

“ *I worked with Jerry at Johnson Elementary on Ann Arbor Trail many years ago when I first got hired in Livonia. I remember Jerry as a really quiet guy, but he loved to look at the stars. Whenever I worked until after dark, I'd often run into him outside on his break, and he'd point out constellations to me. He was a hard worker and would do anything for you. I'll always think of Jerry whenever I see Orion in the sky during the fall and winter. God bless you and your family. Rest in peace, my friend*

“ Jerry was ever so quiet when working at the Skill Center. He would barely say hello, he seemed so shy. When he would get a buzz haircut I would tease him that he looked like a teddy bear. He would laugh. But the last day he was here in my room, he sat down and talked about how he was feeling. He was sweating profusely and could not catch his breath. I gave him a water, he drank the entire thing. We talked about how he should be drinking more liquids. I asked him what he liked to drink. Of course, he said he liked drinking pop and we laughed. But I did then say he needed to drink more water. He left my room that day after about 15 minutes, but that was the only time he stopped what he was doing and just sat down. I am thankful to have known Jerry and I already miss his presence here every afternoon. RIP Jerry, love ya!!
