“ Gladys was a remarkable friend. We shared a lot of time together and created many memories. She was very devoted in caring for and raising her granddaughter at the same time that I was raising my 2 daughters who were pretty much the same age. We shared our stories and our time with our girls between school, dance lessons and musical training. We spent many weekends together at their summer home up north. I will miss you Gladys. You were a wonderful person, and a friend who created a wonderful place in my heart I will cherish forever. God rest your soul, until we meet again.
