“ Jack and I had so many memories. We did so many things together seems like at least once a month I would take the drive to his house and hang out and do something. His music trivia was so broad he would often call me and say I won tickets to see whoever why don't come over and we will go to the concert. My kids all loved Jack with all their hearts he always had something to say to make them laugh. Sure will miss you cuz!!!

“ *It's great to see how many friends my Uncle Jack had. He set the mark for good taste in movies and music. Every time we talked we would end up discussing some rock and roll history. I would always try to impress him with some fun tidbit about The Who or The Beatles or Stones, and every time he already knew it and would add to it. He was passionate about that stuff and because of him so are my brothers and I. I love you Uncle Jack*

“ Dear Jack's family, just wanted to let you know I went to school with Jack and then later worked with him for 27 years at Bicounty. I always enjoyed passing him in the halls and stopping for a little chat. I would laugh cuz he always kept me updated of the obituaries of people we went to high school with. I couldn't believe I was reading his. Prayers of comfort to all. May he rest in peace

“ I worked with Jack in the early days at Bi-County from 1981-1989. Every time I passed him in the hallway I would say "Hi-Jack ! ... Wanna go to Cuba !?" It would always make him smile. I bet now he can see all of Cuba and even more any time he wants. May you all find comfort and peace with all that made him smile during this difficult time of transition.

Jack used to come into my office at work to talk, he always made me laugh. He talked of good times he had while working with my mom in the linen room. My mom is 88 now, when I told her of Jack passing, she said oh my buddy I had such good times with him and a lot of laughter. We will both miss him such a nice guy
