*“ When I first started at the Road Commission he would always talk to me. I was always trying to keep very busy. He would say " take a break ... take a break .. your entitled to a break. I still say that today. He was one of the very few " good people " I worked with..... William Gettgen*

*“ In the mid-1980 I was improving the family cemetery (Christ Luth.church, Hubbard,MI) and Jim donated a load of chain link fencing that the city he worked for had taken down because it was damaged. We pieced together the good parts and had a sturdy fence for the cemetery. Thank you, Jim. I will miss your Christmas cards. Your cousin,Karen Kapanka Schultz*
