“ You were always there. In my darkest hours through my joyous days. When things were hard you'd tell me “Keep pushing. It'll pass.” I love to hear your laughter...so much so that I would make fun of myself just to hear it. That is what I will miss the most...your laugh. You taught me 3 extremely valuable things about life: True friendship, unconditionally love & great loss. I will always love you. I will carry you with me in my heart forever. Until we meet again precious angel. ❤️

“ I remember your 30 or 90 days and I got you a little something like a cake just because I wanted you to feel how special you truly were. You never judged. ...you were human. But you were different like just genuinely sweet, kind, but you were so unsure of yourself and you helped me that day because I was never expecting so much gratitude for it....and in turn it made me feel good. I'm not an emotional person but when I heard about you, I wasn't expecting the amount of emotion and sadness I felt. You're an angel now. And you were one on our earth also. God needed you for a reason....no matter how it hurts everyone who loves you.

“ You will forever hold a place in my heart. I was rereading our texts today... they brought both smiles & tears. I'll never forget you. I know you are at peace. I love you.

“ *My beautiful adopted daughter. I watched you grow from a lump in mommy's tummy into sweet smiling baby, to a silly goofy youngster, to a mischievous teen , to a beautiful woman, wife, mother.... so much like your own mom. you will be so missed...as much as you are so loved...God took you too soon... but He must have needed another angel. Rest in His heavenly arms as we will cry in our own sorrow from your loss. I haven't seen you in a long time... but that doesn't mean I love you any less than I did when I lived next door. forever you will be in my heart. I love you Jess...*
