“ *As a young man growing up I'll never forget some of those life lessons that he taught me thru actual real life situations not to mention his favorite word that he would always greet me with within a few minutes of arriving at the house, I'll just say "cultivate" cuz those who know will understand. John, U were a great teacher and an individual who I'll never forget the rest of my days on this earth.. U will be missed greatly.*

*Sincerely,
