“ I miss and think about you daily Lisa! My most favorite memory with you is when my mom was in high risk labor with my sister amber. You were watching me and we were waiting for a phone call to see how the delivery went. We had so much fun that night and were singing felize Navi dad at the top of our lungs lol! I'm great full for all the time we shared and will miss laughing and crying with you. Your infectious laugh and one liners was the best! Rest easy Lisa I know we see each other again one day. Love you!❤️

“ *Lisa you were not only my client but became a friend over the last 10yrs. I will miss trying to guess old songs, watching old school 80's & 90's videos, cracking jokes (you always had the best one liners) and just sharing my day with you. Through you I've grown to love your family and watch your girls grow up. I will always carry our memories close to my heart and truly cherish the years we had together. You will be missed and always remembered! Love Dawn*
