“ Mary was by far one of the best members of my family I could have asked for. She was there for me and always kept in touch even when things fell apart. Now that she has gone home to be with the lord and my mom (her auntie Faye), I'll just have to wait for the day we meet again. I love you Mary and you'll always be with us.

“ In 6th grade Mary came up behind me and pulled my hair to after yelling at me while we walked home. She wanted to start a fight with me, so after she pulled my hair, she and i got into a fight. We both got some good blows i don't remember what it was about or who won but after that we were cool and never had a problem again.

“ Mary and I were inseparable through high school. I spend much of that time living with her. When I had no other place to run to she was always there for me. We had a lot of wild times up to and including the night I thought she was going to lose her dang foot trying to kick out a car window, hanging out on the tracks and sneaking into the back of 4 bears water park for the parties on the island. She introduced me to to cinnamon toast. I loved her as a sister and even though over the years we did not remain as close as we should have i will always hold a special place in my heart for her.

“ Mary was a strong and loving person and she loved every single stray animal she seen..... I remember walking to the store around the corner from her home and there was this big mean looking stray dog. Me screaming no Mary stop it's going to bite u Mary reply it won't bite stop being scared and sure enough that dog did not bite Mary and she took it home and feed it... I have many more but I had to share this because she loved her animal's... SPREAD YOUR WINGS AND FLY HIGH WATCH OVER ALL OF US R.I.PARADISE MARY UNTIL WE MEET AGAIN I LOVE U
