“ It took some time to try and find the right words. I still don't think I have any idea what to say but here goes..... I knew I wanted a brother from the moment people started asking, so I was so excited when they told me I had one. There were times over the next 54 years that you exasperated and really annoyed me but I was still always glad that God gave me you. Stubborn, opinionated and yes, annoying were all words to describe you but also loving, loyal and giving. I watched and was inspired by all three of your amazing kids, I know it didn't surprise you because you have always known just how wonderful they are. Watch over and guide them going forward. I will always miss you and the family is incomplete without you, there is a hole that can never be filled. I have 54 years of memories, good & not-so-good, that will keep you alive in my heart always. RIP Mike

“ I am not sure how to say this, but I am truly so sorry Mike that you left us way too soon. You fought this cancer 150% all the way to the very end. I am so truly blessed that we have three amazing children, Nicole, Michael and Sean. You would be so proud of how they are handling this. This is never easy for anyone to go through but at their young age it makes it even more difficult. They loved you so very much. Please watch over them, guide them and keep them safe. They have angel watching over them. I will miss you and you will always hold a very special place in my heart.
