“ Bob will be dearly missed. I, too, was shocked to hear of his passing. Bob had a special talent in fixing and repairing. He helped me many times with repairs at home and never asked for anything in return.

“ Bob had wide ranging life experiences & diverse skills. Many times he would appear with a tool & some advice to help with a repair project I was involved with. I was shocked to hear of his passing. Just this week I told my family how well a repair he helped with was working. I wanted to make sure & thank him the next time I saw him. To his family I extend my deepest sympathy. He will be missed.

Sincerely,

Gary from Fourslides
