“ Rod was my cousin... We shared a lot of time together when we were younger, weeks in Port Austin with our families and lots of time at our pool and just getting together.. I babysat Rod, a little chubby cheeked boy who grew up to be a tall and slender man... I send my sincere sympathy to Rod's partner, Patty, who cared for him so well to the end. His little kitty, Molly, who was his pride and joy - and his nephew, Brett, whom he inspired through his love of martial arts. Rest in Peace, Rod; I'm so happy to have talked with you these last few months-your strength and courage was inspiring. Love always.
