“ I knew Rose at Lincoln High School and remember her as sweet and very popular.

*Prayers to her family as she will be their loving memory. May God give you strength and love through the days ahead.*

*Carol Comiskey*

“ Rose and I were such close friends in 9th grade. We were inseparable, she would come from Kramer homes, to my house in the Van Dyke villas, I lived on Superior. We exchanged clothes, stories, and got into some teenage trouble. We lost track of each other after high school. I am so sorry for your loss. I will remember our times together with a smile. And wish your family best wishes.
