“ I've know Ted since the old CB radio days when he lived in the 6 mile Van Dyke area. That had to be around 1970. Later he became an amateur radio operator and made many friends here and abroad. I seen Ted about 3 months ago when he wanted me to bring my parrot Mario to his home. He looked good. I am sorry to hear about his passing I was going to call last week because I didn't hear from him for a while. I'll remember his sense of humor and caring personality. He will be missed. Dave N8EDV
