“ 4,315 days Since I heard your laugh. Since I felt your hugs or held your hand. I have gotten older.. I have visited many places. I moved across the country because I feel like since you have been gone I haven't had a home. I moved back I had two boys Giovanni and Benicio. ( you would have loved them and I am 100000% sure they would have loved you) it hurts that they will never know you. Never hear your jokes go for long car rides eat at a million different restaurants and experience what it was like to have you around. I got married and you weren't there to walk me or dance with me. So many memories I wish you could have been apart of. The only silver lining is that when I leave this earth I know you'll be there to welcome me home. It hasn't gotten any easier. I still cry regularly and I don't think I will ever stop mourning your loss.i miss you more and need you more than I ever did.

*Until we meet again*

*I love you love you love you all the time.*

“ 8 years and it's still like a bad dream... I miss you more than I did when you left me. Days pass things change but the only constant is the pain I feel. The hole in my heart that can never be filled. I like to think that your with me but nothing can end the emptiness I feel without you. You are the only true friend I ever had and I love you endlessly. Until we meet again I will keep your memory close to me papa.

*I love you love love love you all the time*

“ After 4 years you would think it would be easier! The memories would fade, but they haven't! We still can't really talk about you without crying. I can't even type this without crying! I miss you so much Pa, more than I ever thought possible! You have 2 more grandsons that have your name now. Boy do I wish you were here to know them! Kaden still doesn't like to talk about you because he just loses it! I just wanna hug you right now!! But hopefully your peaceful and with all of us everyday! We sure do love you! 😊

“You were sick and tired and we all knew, that GOD would soon come to take you. You fought so hard, so very long, but through the pain, you stayed strong.

We all knew there would come a day, when GOD would come to carry you away. It doesn't make it easier to say goodbye, and i try so hard not to cry.

I can't help but feel defeated or even maybe a little cheated. But how very selfish would i be, to hope and pray you could stay with me.

So as you laid there, i shook your hand and tell "it's ok to go" Say "Hi" to loved one waiting on the other side. I KNOW some day; you'll be there when i take that ride."

With love, we wish you rest in peace T-Bone.  
We'll miss you,
