“ *Vivian, God Bless and be with you as you make your way up to that dance hall in heaven. May you rest in peace with your beloved husband! Your smile and deeply caring personality and wit will so deeply be missed. My heart and deepest condolences are with your family during this very difficult time!*

My memories are many from Prospector's! Sugar footin' Sundays with the girls! Wednesdays or Thursday's during the week and a few concerts here and there! You never stopped dancing, even when you weren't feeling very well. Your hubby would bring you to P's so you could get out and enjoy the dance floor! You will so be missed! Love you and miss you Vivian!
